

**Enterprise Dental Associates
is excited to announce that
Dr. Michael Love has purchased the practice
and will re-branding as “Restoration Dental LLC” on March 1, 2024**

Dear Valued Friends,

The time has come for me to retire and spend time with my wife, children, and grandchildren.

I have lived in Enterprise, Alabama for 77 years, and I set up my dental practice in 1975 and have been practicing at 1205 Boll Weevil Cir, since 2001. I have enjoyed treating each one of you, and I have treated three generations of some families. Many of my high school friends seek treatment with us. It is very hard to say goodbye. I must think of what is best for my family.

To maintain the continuing care of my friends and family, I was introduced to Dr. Michael Love, by Todd Boland and found him to be the perfect fit for the community.

Dr. Love is a caring, calm, and meticulous dentist. He was born and raised in Enterprise, Alabama. He graduated from Enterprise High School in 2003, as valedictorian and JROTC Rifle Team Commander. He went on to Auburn University and majored in Biomedical Sciences and Chemistry on an AFROTC scholarship. He then was commissioned into the U.S. Air Force and served as a Cyberwarfare Officer for 5 years. Captain Love then attended Dental School in Missouri, at A.T. Still University, Missouri School of Dentistry and Oral Health. After graduation, he also completed an Advanced Education in General Dentistry Residency at Eglin AFB. Major Love is still actively serving in the 187th Fighter Wing, with the Alabama Air National Guard. He is thorough, practical, and empathetic. His goal is to continue the quality of care for which you have shown me your loyalty over these many years.

I am so appreciative of your trust and support, and eternally grateful for the many relationships I formed through the years with my wonderful patients.

I am confident you will be cared for and pleased with Dr. Love.

Sincerely,
Dr. Larry Howell
